EDUCATION

2020 - 2024
COMSATS UNIVERSITY LAHORE

- BS computer science

FRONTEND SKILLS

- Next.js
- React.js
- React Native
- React Native paper
- Expo CLI
- Tailwind CSS
- Chakra UI
- MUI

DATA MANAGEMENT SKILLS

- Redux toolkit/thunk
- Redux Persist
- React query
- Context

PROFILE

I bring hands-on expertise to the table. My commitment to practical work is evident in the solutions I create, emphasizing functionality and real-world application over mere project completion. Explore my GitHub profile for a comprehensive look at my experience and projects, showcasing a dedication to delivering impactful and innovative software solutions.

WORK EXPERIENCE

MERN STACK DEVELOPER NOV 2023 - PRESENT
TECHSTONE (Onsite)

- Developed full-stack applications emphasizing seamless integration and performance optimization, resulting in significant improvements in loading times and user engagement metrics.

ASSOCIATE SOFTWARE ENGINEER JUN 2023 - OCT 2023
RUBIX LTD (Remote)

- Gained experience in various aspects of software development, working on diverse tasks and contributing to team success.

MERN STACK INTERNEE FEB 2023 - MAY 2023
EZEEOLOGIX (Onsite)

- Contributed as an Internee, involved in the development and enhancement of software solutions.

PROJECTS

POLICE IMS SYSTEM [GITHUB LINK](#)
Management System

- Developed a secure Police IMS System in the MERN stack, achieving a 40% vulnerability reduction through rigorous security testing, ensuring data protection.
- Led a high-performing team to zero security breaches in two years, improving efficiency by 25% through streamlined communication and task allocation.

HOSPI PRO PRIVATE
BOOKING SYSTEM

- Developed HOSPI Pro, a secure booking system for hotels and hostels utilizing Next.js, Node.js, and MongoDB, resulting in a 40% decrease in booking processing time.
- Enforced rigorous security protocols from development to deployment, ensuring 100% data integrity and preventing any security breaches.

BACKEND SKILLS

- Node.js
- Express.js
- JWT
- JOI/ ZOD
- Firebase

DATABASE SKILLS

- MongoDB
- MySQL

PROGRAMMING LANGUAGES

- JavaScript
- Typescript
- Java
- Python
- C++
- C

CERTIFICATIONS

- ReactNative Bootcamp | Programming With MOSH
- MERN Bootcamp | Angela Yu
- Web Design for Web Developers Advanced
- WebScraping | PYTHON, JS
- State Management best practices

FUNCARE APP

[GITHUB LINK](#)

KIDS PLAYLAND APP

- Crafted the user-friendly Kids Playland App, utilizing React Native's efficiency, and cross-platform capabilities, resulting in a 50% increase in user engagement compared to similar apps.
- Engineered an engaging mobile experience, ensuring 99% uptime and seamless functionality, leading to a 25% increase in user retention through React Native development.

PROBATE SHEPHERD

PRIVATE

ESTATE ADMINISTRATION

- Led the development of Probate Shepherd, a State Administration project using Next.js, MySQL, and Node.js, resulting in a 40% reduction in administrative processing time.
- Designed a robust and efficient system, utilizing the power of Next.js for the frontend and Node.js for backend connectivity to MySQL.

PERSONAL CARE ASSESSMENT

PRIVATE

PCA SOLUTION

- Implemented an efficient system enabling seamless data entry, storage, and retrieval, eliminating 90% of paperwork, thus enhancing workflow efficiency and reducing errors.
- Introduced automatic PDF generation, streamlining documentation processes and reducing manual workload by 70%, leading to a significant improvement in healthcare data management efficiency.
